BUREAU OF LAND MANAGEMENT Klamath Falls Resource Area 2795 Anderson Avenue, Building #25 Klamath Falls, Oregon 97603 E-Mail Address: username/kffo/or/blm/doi Website: www.or.blm.gov/Lakeview/kfra

#### PLANNING UPDATE Winter-Spring 2001

The primary purpose of this update is to inform you about the activities on the Klamath Falls Resource Area. It is my desire to keep you informed about issues, activities, and opportunities I think are important to the public. More importantly, I am seeking ideas and comments from those who may be affected by multiple-use management programs here on the resource area.

This planning update has been organized to give you a brief description of activities occurring in several programs. It contains listings of projects that have been completed recently, projects with an on-going analysis, and newly proposed projects within the Klamath Falls Resource Area (refer to one of three maps for locations of projects). Community presentations by employees of the Klamath Falls Resource Area on resource topics are also listed. Additional information can be obtained from the contact listed in the project descriptions.

If you have any concerns about the proposed actions, please contact the Klamath Falls Resource Area Project Contact or Planner as soon as possible. The earlier you get involved, the more capability we have to adjust or change planned actions. Also be alert for news releases and public notices published in the Herald and News as projects reach stages for public involvement. If you want to provide comments to a specific environmental assessment, please send or deliver your written comments addressed to the Field Manager, Klamath Falls Resource Area, by the close of, or postmarked by the last day of the comment period. Your comments and concerns are welcomed, and could influence the final decision on these projects.

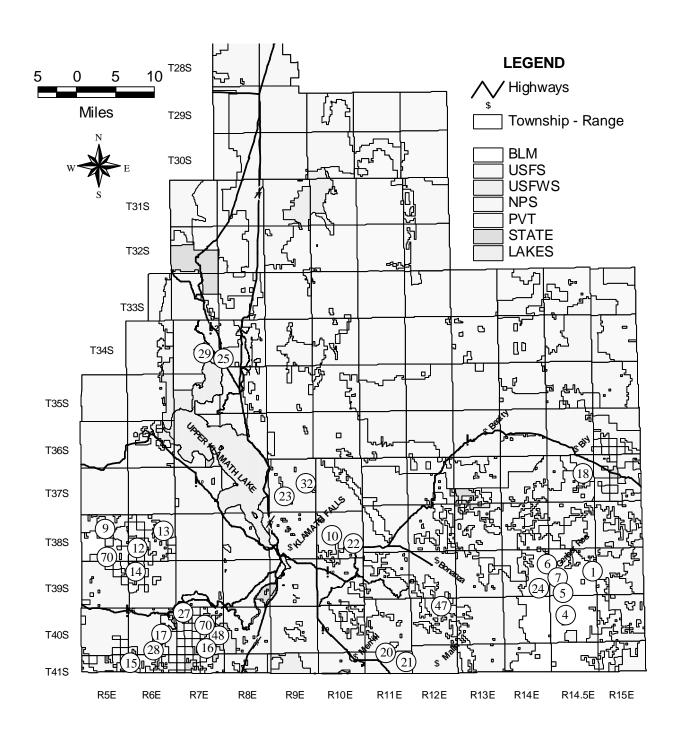

I would appreciate any comments or suggestions you may have regarding this planning update or how it could be improved to make it more useful to you.

Thank you for your continued interest in BLMs management of public lands. If you have any questions on this planning update, stop by the office or call (541) 883-6916.

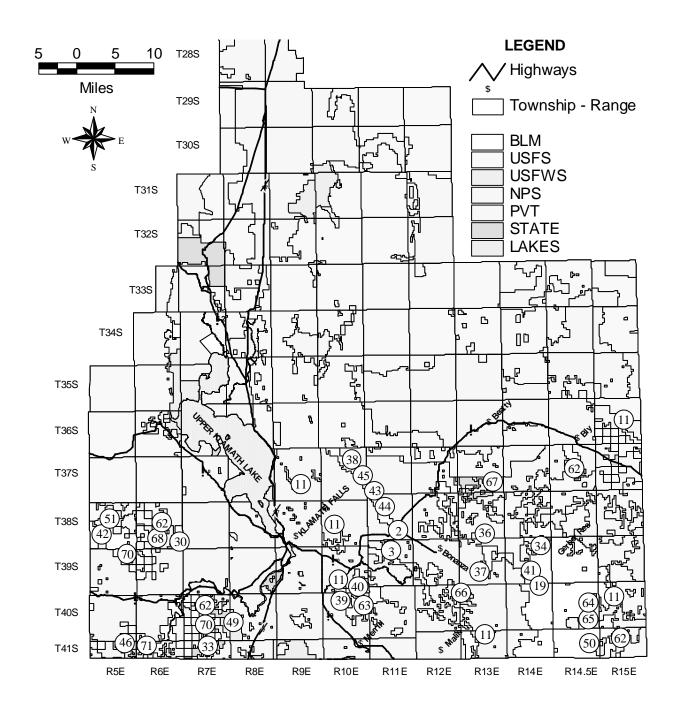

/s/ Teresa A. Raml

Teresa A. Raml Manager, Klamath Falls Resource Area

7	Barnes Valley Creek 3C Road Crossing Improvement. The purpose of this project is to reconstruct a ford on Barnes Valley Creek to allow fish passage during low stream flows. Concrete blocks with connecting wire cables would be installed to help prevent sediment entering the stream as a vehicle crosses over the creek.	Junction of Barnes Valley Creek & 3C's road. T39S, R14 ½ E, Sec. 22.	Redband Trout Lost River and Shortnose Sucker Habitat	EA is completed.	FONSI approved on 8-5-2000. Decision Record - November, 2000. Construction date Fall 2001.	Andy Hamilton
47	Fireserve Right-of-way	Stukel Mtn. Access Road	None Known	Completed	December 2000	Tom Cottingham
		New Proj	jects			
1	Pitchlog Creek Bridge Deck Replacement - The purpose of this project is to replace the decking of the bridge over Pitchlog Creek.	T. 39 S., R. 14 ½ E., Sec. 25	Riparian Reserves Sucker Habitat	CX is being prepared	Fall 2001 (Estimated)	Scott Snedaker, Brian McCarty
8	Rock Creek Bridge Replacement - The purpose of this project is to replace the bridge over Rock Creek. The old bridge was deteriorated to the point where it was unsafe to use.	T. 41 S., R. 15 E., Section 17	Riparian Reserves Sucker Habitat	EA and/or DNA will be prepared	Fall 2001 (Estimated)	Scott Snedaker
13	Miners Creek Culvert Replacement and Stream Restoration - The purpose of this project is to improve natural hydrologic flow over the road by installing a culvert in a new location.	T. 38 S., R. 6 E., Section 33	Riparian Reserves	EA and/or DNA will be prepared.	Spring 2002 (Estimated)	Scott Snedaker
15	Stateline Recreation Site Road maintenance	Klamath River Canyon, Oregon/California state line. T. 48N, R. 3W, Sec. 15.	Cultural Resources	DNA to be completed in Spring 2001.	June 2001 (Estimated)	Grant Weidenbach
27	<b>Topsy Road Improvements/Reconstruction</b> - Repairing public road for safety	Topsy Road from Highway 66 to junction with J.C. Boyle Road	Bald Eagles	DNA to be completed in Spring 2001.	June 2001 (Estimated)	Scott Senter, Brian McCarty

28	Upper Klamath River Management Plan EIS - Approximately 18 miles long encompassing 6,400 acres; develop a management plan in response to scenic river designation act requirements.	Klamath River - J.C. Boyle Reservoir, Oregon to Copco One Reservoir, California	Wild and Scenic River designation, Area of Critical Concern, TES species	Initial Scoping completed. Draft EIS due in Fall 2001.	Spring 2002	Larry Frazier
		New Projects (	continued)			
30	Clover Creek DDRB - 108 acres mechanical treatment.	T.38S., R6E., Sec. 27,34 Off Spencer Hookup Road	Bald Eagles, Survey and Manage species	DNA to be completed in Spring 2001.	2002	Gayle Sitter
48	Federal Aviation Administration	Hamaker Mountain	None Known	In Progress	Spring 2001	Tom Cottingham
49	<b>Topsy-Pokegama Mechanical Vegetation Treatment</b> - East Grenada 5-1, 27-1, 27-2, 27-XX	T.40S., R.7E.	None Known	Initiated Winter 2001	Fall 2001	Marv Strom
64	Stateline Prescribed Burn	T.40S., R15 E., T.41S., R15E.	None Known	Initiated Winter 2001	Fall 2001	Joe Foran
65	Big Dobie Prescribed Burn	T.41S., R15E.	Riparian	Initiated Winter 2001	Fall 2001	Joe Foran
66	Hamaker Canyon Prescribed Burn	T.40S., R.13E., Sec. 8	None Known	Initiated Winter 2001	Spring 2002	Joe Foran
67	Yainax Butte Prescribed Burn	T.37S., R12E., Sec. 26,27,34,35	None Known	Initiated Winter 2001	Spring 2002	Joe Foran
68	Kakapoo Prescribed Burn	T.38S., R.6E., Sec. 20,21,28,29,33	None Known	Initiated Winter 2001	Spring 2002	Joe Foran
70	Westside Hand Piling	West of Highway 97	Survey and Manage	Initiated Winter 2001	DNA or CX in 2002	Dale Brush

MAP REF.#	PROJECT TITLE & DESCRIPTION	LOCATION	SPECIAL AREAS AFFECTED	STATUS OF ANALYSIS	COMPLETION DATE	CONTACT
		Ongoing Pr	ojects			
2	Short Lake Broadcast Burn	T38S, R11E, Sec 20 & 29	No Known	Beginning Winter 2000/2001	Fall 2001	Joe Foran
3	Horton Hill Cooperative Project	T39S, R 11 ½ E, Sec. 4, 7, 8-10, 15-17.	No Known	Beginning Winter 2000/2001	Fall 2002	Joe Foran
4	Gerber/Willow Valley Watershed Analysis. The purpose of this project is to analyze the conditions of the watershed on Forest Service and Bureau of Land Management land, and come up with recommendations for improvement. These recommendations are then documented in a written watershed assessment to be completed by the Federal Agencies.	Gerber/Willow Valley Watershed	Riparian Hydrology	Field Analysis is ongoing. Public Scoping initiated July 2000	Delayed approximately 6 months from Fall, 2001. Specific date unknown.	Barbara Machado
5	Gerber/Willow Valley Coordinated Resource Management Plan (CRMP) Watershed Analysis. The purpose of this process is to involve the private landowners in the watershed analysis on private lands. This is done by forming a Local Planning Team made up of private landowners, State and Federal land managers, and concerned citizens. This Local Planning Team comes up with recommendations for improvement on private land which are then documented within the watershed assessment completed by Federal Agencies. This Analysis is for implementation of watershed and other future projects planned in the CRMP area.	Gerber/Willow Valley Watershed	Private Lands	CRMP meetings/discussions are continuing	Completion date Open-ended	Teri Raml
6	Gerber Area Recreation Improvements - (RMP ROD EIS 6-2-95, pp. 49-50) - This project falls under corrective maintenance, improvement or replacement in the Klamath Falls RMP. New or additional facilities proposed at Gerber Recreation Site include water and electrical lines, cattle intrusion fencing with cattle guards, boat ramp, dock and parking, BOR house RV holding tank, group day use shelters and hiking trails. Existing maintenance, improvement or replacement to be done include: rocking and chip-sealing/paving road system and campsites, replacement fish-cleaning stations, picnic tables, barrier posts, camp host RV holding tank, water lines, hydrants, water well and pump house, Barnes Valley Boat Ramp access road.	Gerber Reservoir Recreation Site	T&E Species (suckers and bald eagles)	Plan Conformance Determination of NEPA Adequacy completed and approved on 10/28/99. Projects require no further decision documents as they are in compliance with the KFRA RMP, signed June 1995.	In FY 2000 completed new fish cleaning stations, new water well and pump house, water and structural lines installed, buck and pole fence with cattleguard installed. FY 2001 plan to chip seal road and campgrounds.	Scott Senter

MAP REF.#	PROJECT TITLE & DESCRIPTION	LOCATION	SPECIAL AREAS AFFECTED	STATUS OF ANALYSIS	COMPLETION DATE	CONTACT
		Ongoing Projects	s (continued)			
6	Gerber Area Primitive Camp and Day Use Sites Recreation Improvements. The purpose of these improvements are to update or improve existing facilities to continue to provide an enhanced recreational experience and satisfy visitor needs.	Gerber Recreation Sites; Stan H Spring, Potholes, Miller Creek, Frog Camp, Pitchlog Creek, Wildhorse, Basin, and Rock Creek.	T&E Species (suckers)	A Determination of NEPA Adequacy (DNA) completed for activities within the RNA to ensure compliance with the KFRA/ROD/RMP/RPS approved June, 1995	DNA completed 9-25-2000. Project on-going, contingent on funding.	Scott Senter
Resource Area	Tree Falling for Timber Cruises EA # 014-00-01. The purpose of this project is to ensure accuracy of timber cruises.	Throughout the resource area.	Matrix	EA completed Public comment period completed. Currently in litigation.	Decision Record dated September 18, 2000.	Mike Bechdolt
9	Upper Spencer Creek/Surveyor Mountain Timber Sale EA.  The purpose of this EA is to analyze proposed commercial and non-commercial treatments. Up to 15 million board feet of timber would be harvested from 1500-2000 acres. Other treatments include: watershed restoration, road obliteration, construction, and improvement, precommercial thinning, fuels reduction, prescribed burning, and reforestation.	Surveyor Mountain T38S, R5E, S.25, 26, 36 T39S, R5E, S.1, 12 T39S, R6E, S6&7.	Matrix Riparian Reserves	Preparing EA	May 2001	Mike Bechdolt
10	Meadow Lake Land Sale	T.38S., R9E., Sec 6 & 7	No Known	Begun 1998	Winter 2001	Tom Cottingham
11	Fuels Maintenance Treatments #2 (KCER -00-03 The proposed action is to use prescribed fire to remove fire-prone brush, excessive levels of hazardous fuels (less than 6" in diameter), and removal of small conifers that are ladder fuels and threats to over story trees by crown fire. Approximately 1,200 acres will be treated.	Klamath Falls Resource Area, east of Hwy 97. See Prescribed Fire Map for locations.	No known	Analysis is continuing	Spring 2001	Dale Brush
12	Surveyor Mtn. Timber Sale - This sale will be located in the upper portion of the Spencer Creek and Jenny Creek Watersheds. An estimated 500-1000 acres is designated for treatment. Approximately 5.0 million board feet of timber will be harvested.	T38S., R5E., Sec. 25, 26, 35, 36 T39S., R5E., Sec. 1 T39S., R6E., Sec. 6	Riparian Reserves District Designated Reserves Matrix	Finalizing the EA. Field work begin in the spring of 2001. Fall and spring S&M surveys have been completed for this area except for one unit.	Proposed sale date: Fall 2001 or Spring of 2002	Mike Bechdolt
13	Riparian Thinning (EA No. OR-014-11) - The proposed action is to thin the under story trees over approximately 100 acres within Riparian Reserves to reduce forest health problems and an increased fire hazard. These treatments will meet Aquatic Conservation Strategy Objectives.	Spencer Creek Watershed	Riparian Reserves	Complete	Decision Record approved 10-5-2000	Bill Johnson
14	Saddled Again Timber Sale - This sale will be located in the southwest corner of the Spencer Creek Watershed and the north end of the Topsy/Pokegama Landscape Analysis Area. A watershed/landscape analysis and EA have been completed in both areas.	T.39S., R6E., Sec. 9, 15, 19, 21	Riparian Reserves District Designated Reserves Matrix	S&M surveys were started in the fall of 2000	Proposed sale date FY 2002 or FY2003	Mike Bechdolt

		Ongoing Projects	s (continued)			
16	Slim Chicken Timber Sale - This sale was proposed in the Topsy/Pokegama/Hamaker Forest Health Treatments EA. Slim Chicken TS treats and estimated 2,000 acres and harvests approximately 4.0 million board feet of timber. This sale was designed as a density management/under story reduction. Other treatments include prescribed burning, thinning and fuels reduction.	T40S, R7E, S19, 21, 29, 31 South of Hwy 66	Riparian Reserves District Designated Reserves Matrix	Sale layout and cruising is about complete. Fall and spring S&M surveys being completed. FONSI for the Topsy/Pokegama/ Hamaker Forest Health Treatments EA was issued on 6/5/98.	Proposed Sale date July or August 2001	Mike Bechdolt
17	Grenada West Timber Sale - This sale was proposed in the Topsy/Pokegama/Hamaker Forest Health Treatments EA. Grenada West TS treats an estimated 1,300 acres and harvests approximately 2.5 million board feet of timber. This sale is designed as a density management/under story reduction. Other treatments include prescribed burning, thinning and fuels reduction.	T40S, R6E, S23, 35 T40S, R7E, S7 T41S, R6E, S1, 2, 11,13	Riparian Reserves  District Designated Reserves  Matrix	Layout and marking are in progress. FONSI for the Topsy/Pokegama/ Hamaker Forest Health Treatments EA was issued on 6/5/98.	2002	Mike Bechdolt
18	Bly Dump Sale (EA No. OR-014-97-01) Land Tenure. The purpose of this project is to sell Bly Transfer Station to Klamath County.	Southwest of Bly, Oregon.	No known	Preparing EA	2001	Tom Cottingham
19	Wild Midway Prescribed Burn - This project proposes to burn approximately 500 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T40S, R14.5E, Sec. 2, 3, 11, 12, & 14.	No known	Planned projects tier to the Programmatic Fire EA (OR- 014-94-09) approved on 4-29- 94. No further decision documents are required.	Analysis Completed Project delayed until the Spring of 2001	Joe Foran
20	Rajnus Land Sale (EA No. OR-014-97-03) - This project proposes to sell 160 acres of public land.	Located south of Stukel Mtn.	No known	Notice of Real Estate Action released.	2001	Tom Cottingham
21	Pope Land Sale (EA No. OR-014-97-04) - This project proposes to sell 560 acres of public land.	Located south of Stukel Mtn.	No known	Preparing EA.	2001	Tom Cottingham
22	Kennedy Land Sale (EA No. OR-014-99-05) - This project proposes to sell 240 acres of isolated public land.	West side of Swan Lake Valley	No known	Preparing EA	2001	Tom Cottingham
23	Rodgers Land Sale (EA No. OR-014-93-03) - This project proposes to sell 120 acres of isolated public lands.	Near Algoma, Oregon	No known	Preparing EA	Spring 2001	Tom Cottingham
24	Myers Road Right-Of-Way The purpose of this project is to provide public access across BLM land.	T39S, R14E, S15, 16	No known	Preparing EA	2001	Tom Cottingham

MAP REF.#	PROJECT TITLE & DESCRIPTION	LOCATION	SPECIAL AREAS AFFECTED	STATUS OF ANALYSIS	COMPLETION DATE	CONTACT
		Ongoing Projects	s (continued)			
25	Wood River Wetlands Project - Projects planned for FY2001 include: 1) Oregon Trout and partners initiate reconstruction of the Wood River delta channel downstream on the bridge; 2) install fish screen on Sevenmile Canal diversion structure; 3) surface rock dike roads from the bridge to Sevenmile Canal; 4) install floating boardwalk, interpretive signs, restroom and trail system; 5) and group interpretive site.	Wood River Property 25 miles north of Klamath Falls, Oregon	Wetlands	Planned projects are in compliance with the Upper Klamath Basin and Wood River Wetland Resource Management Plan EIS, decision signed June 16, 1995. No further decision documents are required.	Completion: 1) Fall 2001 2) Start in 2001 3) Pending Funding 4) Fall 2001 5) Pending Funding	Wedge Watkins
26	JELD-WEN Grazing Permit and Lease renewal - Grazing permit or leases due for renewal in FY2001.  A determination of NEPA Adequacy to be completed for each permit/lease renewal to ensure compliance with the KFRA/ROD/RMP/RPS approved June, 1995	JELD-WEN Allotment (#0822)	No known	Assessment in progress	Spring 2001	Dana Eckard
29	Upper Klamath Basin and Wood River Wetland Resource Management Plan Amendment for the Fourmile Creek portion of this area. The purpose of this project is to amend the Upper Klamath Basin and Wood River Wetland Resource Management Plan EIS, in order to designate the Fourmile Creek area as an Area of Critical Environmental Concern (ACEC). The first step in that process is preparing an ACEC evaluation of relevant and important values of the Fourmile Creek area.	Fourmile Creek Wetland	Riparian Wetland ACEC	ACEC Evaluation submitted to District Manager, October 2000. Draft EIS being prepared	Delayed approximately 18 months from July, 2001. Specific date unknown.	Lou Whiteaker
Resource Area	Late-Successional Reserve (LSR) Assessment. A single Late Successional Reserve Assessment is in preparation that will assess all 19 Unmapped Late Successional Reserves designated within the resource area. The purpose of the assessment is to develop management recommendations for these areas where needed to restore or maintain late successional habitat. The Late Successional Reserve Assessment will be submitted to the Regional Ecosystem Office (REO) in late FY 2001 for review.	BLM lands west of Highway 97 covered by the Northwest Forest Plan	Unmapped Late Successional Reserves.	The interdisciplinary team is formulating management recommendations based on an assessment of current conditions.	2001	Lou Whiteaker
Resource Area	Memorandum of Understanding (MOU) between the Klamath Tribes and BLM for Coordination on Management Issues. The purpose of the MOU is to identify a process to coordinate and communicate tribal involvement with BLM management actions on public lands.	Lakeview District	Former Tribal Lands	The draft MOU was presented to the Tribal Council on February 22, 2000. Waiting for Tribal feedback.	Unknown	Larry Frazier
32	Whiteline Reservoir Timber Sale - The second scheduled timber sale under the Bly Mtn./ Whiteline/ Swan Lake Forest Health treatment EA (EA # OR-014-99-6). Approximately 200 acres are designated for treatment. An estimated volume of 300 MBF will be harvested. This sale was designed as a density management. understory reduction. Other treatments include prescribed burning, thinning, and fuels reduction.	T37S., R9E., Sec.3, 13, 14	Matrix	Biological and Cultural surveys completed. Cruising and marking are complete.	Proposed sale date: Summer or Fall 2001.	Mike Bechdolt

MAP REF.#	PROJECT TITLE & DESCRIPTION	LOCATION	SPECIAL AREAS AFFECTED	STATUS OF ANALYSIS	COMPLETION DATE	CONTACT
		Ongoing Projects	s (continued)			
34	Norcross Prescribed Burn - This project proposes to burn approximately 700 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T39S, R14E, Sec. 3, 4, 10-15, 23-26, 35, 36.	No known	Planned projects tier to the Programmatic Fire EA (OR- 014-94-09) approved on 4-29- 94. No further decision documents are required.	Analysis Completed Project delayed until the Spring of 2001	Joe Foran
36	<b>DeVaul Plus Wilkerson Prescribed Burn</b> - This project proposes to burn approximately 100 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T38S, R13E, Sec. 33	No known	Planned projects tier to the Programmatic Fire EA (OR- 014-94-09) approved on 4-29- 94. No further decision documents are required.	Analysis Completed Project delayed until the Fall of 2000 or Spring of 2001	Joe Foran
37	Miller Creek Mechanical Treatment - This project proposes mechanical piling instead of prescribed burning of approximately 100 acres in the spring/summer of 2001. Proper burning conditions did not exist, so BLM managers chose to do this project by mechanized means.	T39S, R13E, Sec. 14 & 23	ACEC	FONSI and Decision Record issued on 3-24-99 approving this project. No further decision documents are required.	Analysis Completed Project delayed until the Spring of 2001	Joe Foran
38	Stiles Spring Prescribed Burn - This project proposes to burn approximately 1,000 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T37S, R10E, Sec. 3-5, 9-11, 14, 15	Wildlife Habitat	FONSI issued on 12-19-99. Decision Record issued on 01- 25-2000 approving this project. No further decision documents are required.	Analysis Completed. 200 acres treated in FY 2000. Remainder delayed until the Spring of 2001	Joe Foran
39	Stukel 98-1 Mechanical Treatment - This project proposes mechanical piling instead of prescribed burning of approximately 500 acres in the spring/summer of 2001. A burning window to complete this project never appeared, so BLM managers chose to do this project by mechanized means.	T40S, R10E, Sec. 10, 11, 14, 23, 24	No known	Planned projects tier to the Programmatic Fire EA (OR- 014-94-09) approved on 4-29- 94. No further decision documents are required.	Analysis Completed Project delayed until the Spring of 2001	Joe Foran
Resource Area	Noxious Weed Treatments. The purpose of this project is to contain or reduce noxious weed populations using an integrated pest management approach, including manual, mechanical, chemical, and biological control methods.	Weed-infested sites throughout the Klamath Falls Resource Area	ACEC's	Activities tier to the Klamath Falls Resource Area Integrated Weed Control Plan (IWCP) and Environmental Assessment (EA-OR-014-93-09), approved July 21, 1993. This document is tiered to the Northwest Area Noxious Weed Control Program EIS approved in December 1985 and Supplemented in March 1987.	Noxious Weed Treatments occur from May through October	Lou Whiteaker

		Ongoing Projects	s (continued)			
40	Stukel 98-2 Prescribed Burn - This project proposes to burn approximately 3,000 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T40S, R10E, Sec. 12, 13, 24 T40S, R11E, Sec. 7 & 18	Bald Eagle	Planned projects tier to the Programmatic Fire EA (OR- 014-94-09) approved on 4-29- 94. No further decision documents are required.	Analysis Completed Project delayed until the Fall of 2000	Joe Foran
41	Barnes Valley Prescribed Burn - This project proposes to burn approximately 1,500 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T39S, R14E, Sec. 21-25 T39S, R15E, Sec. 31 & 32	Noxious Weeds	FONSI and Decision Record issued on 3-29-99 approving this project. No further decision documents are required.	Analysis Completed Project delayed until the Spring of 2001	Joe Foran
42	Frosty Prescribed Burn - This project proposes to burn approximately 200 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T38S, R5E, Sec. 29-31	Research Natural Area	Planned projects tier to the Programmatic Fire EA (OR- 014-94-09) approved on 4-29- 94. No further decision documents are required.	Analysis Completed Project delayed until the Spring of 2001	Joe Foran
43	Rattlesnake 1 Prescribed Burn - This project proposes to burn approximately 22 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T37S, R11E, Sec. 32	No known	Planned projects tier to the Programmatic Fire EA (OR- 014-94-09) approved on 4-29- 94. No further decision documents are required.	Analysis Completed Project delayed until the Spring of 2001	Joe Foran
44	Rattlesnake 7 Prescribed Burn - This project proposes to burn approximately 7 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T38S, R11.5E, Sec. 9	Bald Eagle in unit 6 adjacent to this unit Golden Eagle	Planned projects tier to the Programmatic Fire EA (OR- 014-94-09) approved on 4-29- 94. No further decision documents are required.	Analysis Completed Project delayed until the Fall of 2000	Joe Foran
45	Upper Swan Prescribed Burn - This project proposes to burn approximately 98 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T37S, R10E, Sec. 24 & 25 T37S, R11.5E, Sec. 31	Bald Eagle	Planned projects tier to the Programmatic Fire EA (OR- 014-94-09) approved on 4-29- 94. No further decision documents are required.	Analysis Completed Project delayed until the Fall of 2000 or the Spring of 2001	Joe Foran
46	Oak Thinning Prescribed Burn - This project proposes to burn approximately 181 acres in the spring of the year. The purposes of this project are to: Reintroduce fire to restore sustainable function and structure to plant communities, while reducing the potential for stand-replacement wildfires, and reducing overall fire management costs.	T41S, R5E, Sec. 11 &14 T41S, R6E, Sec. 4	No known	Planned projects tier to the Programmatic Fire EA (OR- 014-94-09) approved on 4-29- 94. No further decision documents are required.	Analysis Completed Project delayed until the Spring of 2001	Joe Foran
